

ACS-GHS Career Workshop

Saturday, November 11th
9:00am - 3:00pm
St. Thomas University
Anderson Hall (#103)
Houston, TX 77006

Why Attend This Workshop?

You will leave this event with how to construct an appropriate resume and new contacts in the area!

Bill Carroll will lead an interactive workshop on constructing a resume, networking, and other skills.* Lunch will be provided. After lunch will be a panel discussion with experts from different areas of Chemistry. Lastly, there will be time for individual discussion and networking. **There will be a raffle for ACS membership dues for the upcoming year!** [Register here](#)

Bill Carroll- ACS Consultant

Dr. William F. Carroll, Jr. holds a Ph.D. in Organic Chemistry from Indiana University, Bloomington, IN. He received an M.S. from Tulane University in New Orleans, and a B.A. in chemistry and physics from DePauw University in Greencastle, IN. He retired from Occidental Chemical Corporation in 2015 after 36 years, and now heads his own company, Carroll Applied Science, LLC, in Dallas, Texas. Carroll Applied Science is about technology, policy and advocacy for the chemistry enterprise.
